

HOSPICE

November is National Hospice and Palliative Care Month

Since 1985, we have been your local community hospice provider.

We help people live their last days as comfortably as possible at home, in nursing homes or assisted living centers or in our hospice house.

If you or a loved one is facing a serious illness, let's talk about it.

For more information, call 704-935-9434.

Atrium Health

Hospice and Palliative Care of Cabarrus County

November is National Hospice and Palliative Care Month

“Palliative” means support for people who are seriously ill.

Our team can help you make important choices about your health.

If you or a loved one is facing a serious illness, let's talk about it.

For more information, call 704-935-9434.
